COLOR SASSINESS

Let's think about color...it's Summer!

We are pleased to offer a dark, dark, *dark* hunter green, technical and washable **show jacket** for ladies. Looking through the horse show magazines, we saw green jackets along with either rust breeches or beige breeches looking very, very, *very* smart and classic. In navy, we have a superb stretch jacket, also washable, that will make showing this summer much more fun.

Complement your jackets or freshen your look this year with updated **shirts** from Essex, RJ, FITS, O'Shaunessy and others, all in subtle colors or solid white with fabulous color and pattern accents inside the collars and cuffs.

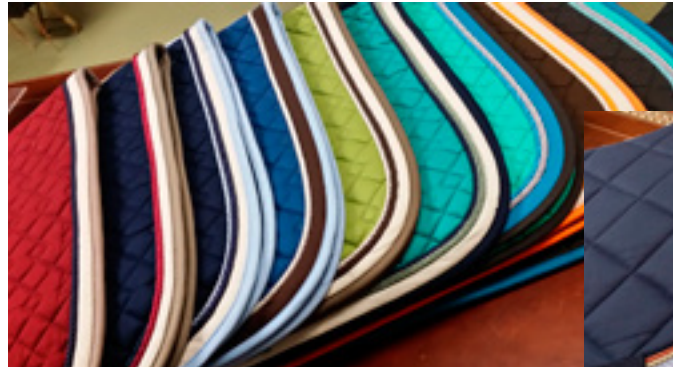

Ever more popular, the quarter zip **Ice-fil shirts** for schooling or trail riding are a must. Choose from Lemon Fizz, Cool Coral, Ice Blue Breeze, Tempting Turquoise, Heavenly Hot Pink, Competition Blue and Summer White. Mesh under arm panels, UV sun protection, wicking and cooling properties [lowers the temperature on your skin 3-5 degrees]. Colors are bright and sassy, perfect for the rest of the summer season. Add a sun protection visor!

Gloves don't have to be black. Try our new limited edition berry/black trim [fuchsia to me] and Caribbean teal/black riding gloves. We also have navy/white trim. If you drop one, you can find it quickly. A new crystal [slightly] embellished glove in either black or brown.

Saddle pads. We've always offered lots of choices and this year we've outdone ourselves with fancy colored saddle pads. One company even tested its pads for 300 washes. Successful washes, we may add. We don't have the space here for all the color combinations available but some even have matching fly bonnets with horse-comfortable stretchy ears in Coolmax. Lots of fancy piping and trims, flat and/or shiny.
